

THE FAMILY SCHOLARSHIP FUND SPONSORSHIP INFORMATION

The FamilieSCN2A Foundation is a registered 501(c)(3) organization and is created by parents of children diagnosed with rare forms of Epilepsy and Autism as a result of a change in the SCN2A gene. Our mission is to improve the lives of those affected by SCN2A related disorders through research, public awareness, family support and patient advocacy. An important way we work toward accomplishing our mission is by hosting a biennial Family & Professional Conference which brings together important stakeholders for SCN2A related disorders.

Your financial support of the FamilieSCN2A Foundation Family Scholarship Fund ensures families from across the globe can come together and meet other families who are facing the same rare struggles. In addition, your financial support provides these families with the opportunity to interact with and be educated by some of the world's leading SCN2A researchers and clinicians. Choose from one of our four sponsorship levels:

HERO LEVEL: \$1,000
