## **A generous, anonymous donor has pledged to MATCH up to \$50,000 between now and the end of 2023!**

\$100,000 to kickstart the funding of our 2024 programs in research, community building, and advocacy is critical for accelerating progress towards more effective treatments and cures for SCN2A-related disorders (SRDs).

The SCN2A community has tremendous momentum...so far in 2023 we have had:

- Positive initial clinical data for [PRAX-222](#), a new therapy specifically developed for gain-of-function SCN2A-related disorders.
- Multiple clinical trials with new therapeutics actively enrolling SCN2A patients.

- Drugs in development at many levels that are designed to treat EVERY type of SCN2A.
- Major growth in FamilieSCN2A infrastructure to ensure SCN2A is at the cutting edge of drug development and that medications successfully get to those in need as fast as possible.

***But there is still lots of work to do.***

Our dedicated team is at the forefront of pioneering research and with your support 2024 will be the best year yet! Every contribution, no matter the size, plays a pivotal role in propelling us toward a future where SCN2A is no longer about surviving but about thriving!

Please, join our team by giving the gift of HOPE today! Together we fight, together we give.

## Giving Tuesday Donation

---

♥ Spread the word to friends and family about this awesome matching opportunity by forwarding this email and/or posting on your social media pages.

♥ Copy this [Facebook fundraiser link](#) to share it through Facebook, Instagram, Twitter or wherever else you connect with friends or ask them to [visit our website](#).

♥ Be sure to add WHY you are asking for donations. Many people want to help but aren't sure how, this makes it easy and every dollar counts double!

---

**Here's your sneak peek reward for reading to the end: You're Invited!**
