The year-end goal smashes all expectations!

Thanks to your generosity, we raised \$134,013.63 between Giving Tuesday and the end of 2023. And we earned the \$50,000 match from a generous donor, bringing the total to \$184,013.63!

These funds will be used to continue to make progress towards goals in our Strategic Plan including the creation of SCN2A Multidisciplinary Clinics.

Your partnership means the world to us, a world with more effective treatments and cures for SCN2A-related disorders. We eagerly anticipate having an even greater impact together in 2024. Here's a preview:

- A unified voice for International SCN2A Awareness Day! Look for a very special campaign leading up to February 24th
- The Dragonfly Study
- SCN2A-specific Multidisciplinary Clinics
- Patient-Focused Drug Development meeting with the FDA
- Summer conference in Anaheim, CA, July 31-Aug 4

Keep up the good work, donate today
