

GivingTuesday is a global generosity movement, unleashing the power of people and organizations to transform their communities and the world. This year, the FamiliesSCN2A Foundation is unleashing the power of a **\$100,000 matching challenge** to support our community!

An anonymous superhero has pledged to match all donations through December 31st. *What an amazing way to end such a challenging year!*

Please, help us transform that \$100,000 into \$200,000 so that we can unleash the power of our vision: better treatments and a cure for all SCN2A disorders.

Give the gift of HOPE to SCN2A families by making your best [donation here](#). Thank you!

Announcing

\$100,000

match on all donations

Help us fund life-saving research!
