

wishing you joy, peace and hope

In this season of joy, we hope you are able to enjoy time with family and friends.

In this season of peace, please keep in mind all those affected by SCN2A, some of whom are spending their holidays in the hospital.

In this season of hope, we look forward to a future with better treatments and a cure.
It will happen sooner with your support.

Please consider a holiday gift of hope, peace and joy for someone affected by SCN2A.

THANK YOU
