

Given the unpredictable course of the COVID-19 pandemic we have made the difficult decision to cancel the 2020 SCN2A Summer Seminar. While very disappointing, it is the safest and most responsible choice at this time. We will be holding our 4th biennial SCN2A Family & Professional Conference in the summer of 2021 and we plan to go all out to make up for having to cancel the Summer Seminar!

### Urgent Help Needed

The FamilieSCN2A Foundation recognizes that the COVID-19 pandemic is causing financial hardship for many families around the world, so we have created a new emergency program: [FamilieSCN2A Foundation COVID-19 Financial Relief Grant](#). Families with medically fragile children are facing their worst nightmares between lost wages, extra costs associated with stocking up on supplies, and the fear that their child will be exposed to this virus. These families do not need more education on proper hygiene, they need real, tangible help.

We understand that *everyone* is struggling right now, however, if you can,

please consider a [DONATION](#) to help a family in need. Your support will make an immediate, meaningful and lasting impact.

These \$500 grants are designed for quick turnaround (application, review, and awards in hand in about 2 weeks) as families in crisis need help now. To date we have awarded 16 grants: 10 to US families and 6 to international families. We have several more in the queue and would like to be able to fund many more as the pandemic continues to cause devastation. *We greatly appreciate any support you can give!*
